What Others Have Said About The Training:

What did you like best? *"My personal plan for emotional resilience; decreasing stress and having the tools to use with a plan for after the weekend. It is something everyone should attend to get the most out of life with less stress, and helpful strategies to use."*

Kirstie Cooper, Mother, Brisbane, QLD.

"This training has not only provided me with tools to deal with stress but has supported the development of an impenetrable positive mindset! My logical business brain would ordinarily dispel this type of content, however, the logical brain measures outcomes and the course delivers plenty. The tools gained are powerful and extremely useful."

Julia Krawitz, Training Manager, Queensland, Police-Citizens Youth Clubs.

"The tools and strategies we all engaged in enabled us to better handle stress day to day, to be better focused and to live a life with balance and so much more passion. Thanks Drs John & Judy."
